

# **Industrial Revolution**

## **Foldable**

Materials Needed: Scissors, Glue, Colored Pencils, and Textbook

You need 4 sheets of half paper, all different colors.

Fold each of the pieces of paper in half, leaving a small margin.

Glue back to back, making an accordion.

Cover- Draw your own picture of the Industrial Revolution\*. Title it: Major Inventions of the Industrial Revolution.

**AT THE BOTTOM PUT YOUR NAME**

Beginning with the page on the BACK of the title page, number the pages.

Cut out the major inventions, keeping the name attached OR write the name on the back. Each invention will have its own page.
